# Happy New Year

Dear Residents,

I love the New Year and everything about it. I love the glitter, sparkle, festivities and the reflection and goal setting. I love final family gatherings and taking a rest before starting up back to school or back to work.

We hope you enjoy learning about the Hess family and the unique aspects that make their family special.

If you are interested in getting a "new to you" prom or cocktail dress, be sure to check out the pop-up shop.

Most importantly, if you are interested in making this your best year yet, put some plans in place. Have a dream meeting with your family. Talk about some grandiose goals and figure out how you can accomplish them or how you can help others accomplish their goals.

We thank the businesses and families who contribute to making New Berlin a great place to live. Finally, be sure to thank your family, for home is where each of your own stories begin.

Make 2020 great!

Best,

Cindy
